

American Gynecological Society.

FELLOWS:—

After great delay, THE TRANSACTIONS OF THE SECOND ANNUAL MEETING have been published and distributed. The late appearance of the volume is chiefly due to its size, which is nearly twice that of the first volume, and to the fact that, unlike the other volume, it has been printed from *type*, as have the reprints.

To prevent delay in the future, the vote passed at the last meeting, "That no paper shall be accepted for publication unless it be placed in the hands of the Secretary before the final adjournment of the meeting at which it shall have been read," will be rigorously enforced at the third meeting.

You are reminded that there are fifteen vacancies in the complement of Fellows; and that nominations for Fellowship must be signed by two Fellows, and, together

with an original paper by the candidate, be in the hands of the Secretary not later than August 10th of this year.

It is hoped that the Secretary will receive the titles of the papers which are being prepared for the next meeting at the earliest possible date.

The Third Annual Meeting will be held in Philadelphia, Penn., on September 11, 12, and 13, 1878.
